## **DETAILED ACTION**

### ***Response to Applicant's Amendment's***

This Office Action is responsive to the amendment filed on 9/4/07. Claims 1-8, 10, 11, 13-23, 25, 30, 31, and 35-50 are pending. Claims 9, 12, 24, 26-29, and 32-34 have been canceled. Applicant's arguments have been fully considered and are in-part persuasive; therefore, an Examiner's Amendment is provided below wherein claims 1-8, 10, 11, 13-23, 25, 30, and 31 are allowed and claims 35-50 have been cancelled.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jason Klindworth on 11/19/07.

The application has been amended as follows:

Claims 35-50 are canceled.

The following is an examiner's statement of reasons for allowance:

The amendments made to the claims filed 9/4/07 overcome the prior art and upon further search and consideration no other prior art anticipates or suggests fairly the combination of structural elements as instantly claimed. More specifically, Applicant's claims for a controller and a dedicated communication formed with each remaining one of an air management mechanism, a cleaning basket assembly, and a fluid processing mechanism in combination with the other recited claim language in independent claims 1 and 13 are considered novel features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
